EDUCATION

DEV MOUNTAIN

Feb - May 2018
Provo, Utah

UTAH VALLEY UNIVERSITY

Aug 2013 - Present
Orem, Utah

HOBBIES & INTERESTS

EXPERIENCE

D&D CAMPAIGN PLANNER

May 2018
React | Node | Sass | Rest APIs | Axios
This is a site I created for the popular game Dungeons & Dragons. It pulls data from a Restful API to display the monsters, spells and equipment used in the game and provides quick access to the information throughout gameplay.

SHEDWOOL

June 2018 - Present
Vue | Vuex | PHP | Laravel | MySQL
I was tasked with fixing reported bugs and working with other team members to implement new features on the employee scheduling web application.

JR. CONSULTING

May 2018 - Present
I am currently working on developing applications for Web Design students I am aquainted with. Any finished projects will be on my portfoio.

D&D SRD API

May 2018 - Present
I am an active contributor to an open source API project. The goal of this project is to make the Dungeons and Dragons System Reference Document (SRD) available for use with any D&D related application. I maintain the API, create with the API, and help other developers access the API.
